

# CONTRACTOR SAFETY ALERT

## Incident and Hazard Reporting

**Number:** 96

**Issued:** 7/6/2023

### Background

On 29 May 2023, a worker struck a kangaroo whilst driving a company vehicle to an FPC work site, fortunately the driver was uninjured and there was minimal damage to the vehicle.

### Key points

- The incident wasn't reported to either the contractor Principal or the FPC.
- Incidents involving a contractor worker travelling in a company vehicle to an FPC work site are required to be reported via either the company's incident report or the FPC1089. Noting all injuries must be reported as soon as practicable.
- There has been a notable reduction in hazard reporting. Please report wildlife interactions and/or high traffic areas via the FPC1089 so that this information can be shared to heighten awareness.
